Subject- Revised Administrative Approval along with proposal of Award of work.

It has been observed in some proposals where Administrative Approval is accorded by VC&MD and during bidding the negative tender premium received, in such cases Revised Administrative Approval is not taken at the time of award of work.

The excess financial allocation in the Administrative Approval is used by the concerned department in awarding additional scope of work to the agency. Such practice shall be stopped with immediately effect.

All proposals of award of work, in extra/ excess over the bidden amount but within the Administrative Approval amount shall be submitted to VC&MD for approval with cogent reasons for the recommendation, should combine with Revised Administrative Approval.

Any additional work, costing more than 5 % of awarded value, against the savings in work, shall not be ordered without prior permission of VC&MD.

This order will come into force with immediate effect.

Vice Chairman & Managing Director.
