

Sub : Implementation of the Integrity Pact in CIDCO for Tenders of and above Rs.5.0 Crores.

A meeting was held on 22.09.2014 for all HODs of CIDCO on the subject of Implementation of Integrity Pact in CIDCO for all tenders of and above Rs.5.0 Crores.

It has been directed that all HODs will brief their sub-ordinate staff as advised during this meeting. In larger departments like Engineering and Planning, the specific team of department officials dealing with the individual tenders / contracts should also be specifically briefed about this new procedure on tenders.

Following portion of this briefing is reiterated :

1. Since 'arms-length' position vis-à-vis the bidders/contractors is expected from the CIDCO team handling the tender/contract, any pre-existing employment of close relative/s of such CIDCO team, with the successful contractor, needs to be disclosed to Vigilance Department.
2. Any existing practices of using resources of the successful contractor, e.g. vehicle etc. needs to be incorporate into the contract itself, if required for official purposes. All other usages especially private usages are to be forbidden and can come under scrutiny for violation of the Integrity Pact.
3. Any CIDCO team member being offered inducement directly / indirectly by any bidder/contractor of the tender/contract should be brought to the notice of the CVO immediately.

HODs are free to discuss with me, any clarifications / doubts regarding liability of CIDCO officials for violation of the signed Integrity Pacts, as and when such doubts arise.

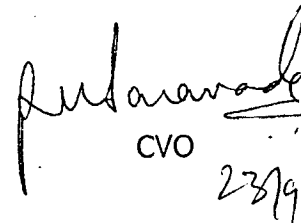

The following HODs had attended meeting on 22.09.2014.
